

BS”D

It has come to our attention that the format and translation of the “Interlinear Tikun Klali” previously posted on our website apparently infringed on the intellectual property rights (both copyright and patent rights) of ArtScroll Mesorah Publications both in style and substance.

We had no knowledge of these issues when we received the “Interlinear Tikun Klali” it from its publisher and posted it here.

We sincerely regret this, and apologize to Mesorah Publications.
